## President's Messages...

Hi All,

Wow what a year!! I can't believe another year has passed as president. We had record turnout for the Kickoff Party and Christmas Party. Things were really looking up for lots of activities. Then we all got blindsided by COVID 19. Hope everyone is starting to venture out with the nice weather.

It's been great being President again and I hope everyone enjoyed the events we did have. I would like to take this opportunity to thank all our members for supporting all the club activities. And also a big Thank You to the board members for all their hard work this past year, without their dedication, all the club events would not have taken place.

I am now turning the helm over to a familiar face, **Bob Snoby**.

Stay Safe and I will see you around.

**Harry**

Hello All,

We are happy to announce our ski club officers for 2020-21. Check it out on [page 2](#) for the list of our new Executive Board. If members have any questions or new ideas for the club, please feel free to contact any officers.

As you know COVID-19 has taken a toll on all club activities. As we await orders to proceed to the green phase, we will look forward to opening some club activities. The first being **the annual club picnic to be held on July 19**. This is an outdoor event which affords us some lee way as to how we can have this activity and maintain "social distancing".

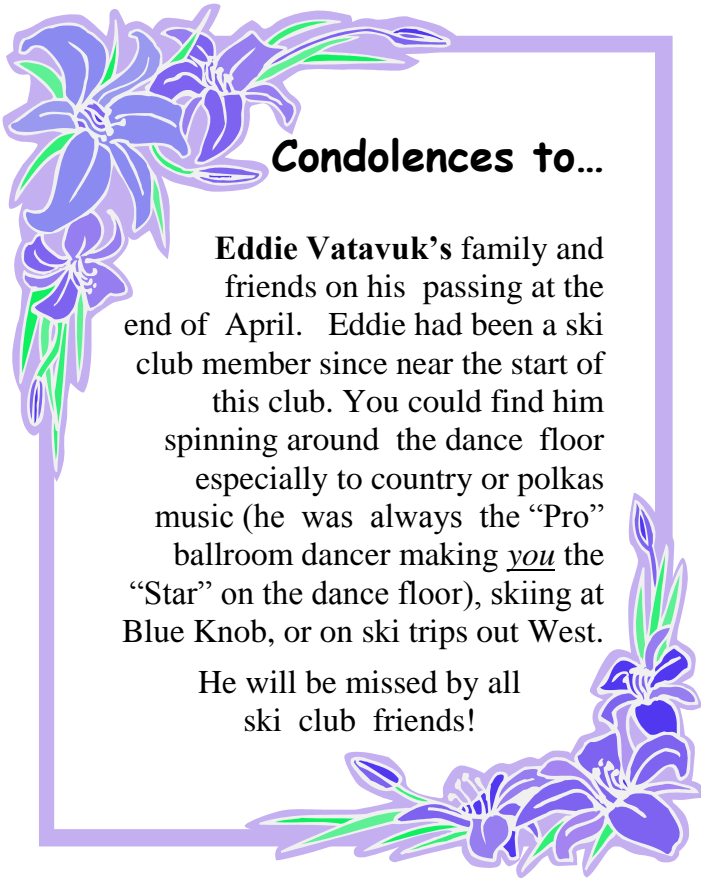

The board is now exploring ways to proceed. Some ideas are the event will be catered with food being served by those individuals eliminating the need for members to bring covered dishes. All beverages will be in cans. All utensils will be individually wrapped. No shot ski this year. We will have more information as the plan develops.

Finally, I would like to remind all club members to support our local businesses. We have many club members who are business owners and they will surely appreciate your business. Thanks for your assistance!

Stay safe,

**Bob**

## Condolences to...

Eddie Vatauvuk's family and friends on his passing at the end of April. Eddie had been a ski club member since near the start of this club. You could find him spinning around the dance floor especially to country or polkas music (he was always the "Pro" ballroom dancer making *you* the "Star" on the dance floor), skiing at Blue Knob, or on ski trips out West.

He will be missed by all ski club friends!
